Objective

Detail-oriented Computer Science student with strong skills in software development, object-oriented programming, and database management. Proficient in C, C++, Java, Python, SQL, and web development technologies (HTML, CSS, JavaScript, React.js). Actively seeking roles in software engineering, web development, or database administration.

Projects

College Website Development

[GitHub Repository](#)

Developed a user-friendly college website from scratch using React.js and Bootstrap. Integrated event calendars, portals, and social media links. Built backend with Node.js and MongoDB.

Technologies: React.js, Node.js, Express.js, MongoDB

The Book Bazaar

[GitHub Repository](#)

Built a dynamic book catalog system using React.js and FastAPI. Features include search, inventory management, ratings, and secure login.

Technologies: React.js, FastAPI, SQLite

Experience

Intern

Nlitech Edu

Worked on MERN projects covering frontend/backend and database management.

Intern

CodTech IT Solutions

Contributed to MERN stack projects focusing on frontend UI and backend API development.

Education

B.E. in Computer Science

CBIT, Gandipet, Hyderabad

2024-2027

GPA: 9.66/10

Diploma in Computer Engineering

GPT Hyderabad, Masabtank

2021-2024

GPA: 9.97/10

Skills

- **Languages:** C, C++, Python, Java, JavaScript
- **Web Dev:** HTML, CSS, React.js, Node.js, Express.js
- **Databases:** MySQL, MongoDB, SQLite
- **Tools:** Git/GitHub, LaTeX

Certifications and Achievements

- [Programming in Java, NPTEL](#)
- [MongoDB Associate Developer Certification](#)
- Merit certificate for "The Book Bazaar" project during CBIT Open Source Community Bootcamp
